

Ways to Learn

1. Join a listserv-Edtech and read the posts
<http://www.h-net.org/lists/subscribe.cgi?list=EDTECH>
2. Post a question on the listserv and get answers
3. Go to Atomic Learning and watch a training video
<http://www.atomiclearning.com/>
4. Ask a student to learn a skill and teach you or the class
5. Visit the Annenberg site and sign up for account. You can visit other teacher's classrooms virtually. <http://www.learner.org/>
6. Use a United Streaming video in your classroom
<http://www.unitedstreaming.com>
7. Go to November Learning and learn about information literacy
<http://www.novemberlearning.com/Default.aspx?tabid=159&action=cat&cl=2&parentID=56>
8. Visit the Local library free tech classes
9. Ask your tech specialist to model a lesson or find resources for you
10. Try something new-a blog, podcast, or wiki! For links, see the top 10 ideas for diving into technology here:
